APPENDIX

HANS AND KAREN OLSON

The Two persons to whom this Family Tree is dedicated, the writer believes are fit subjects to be remembered by their descendants. Further, their lives and experiences must have been such, coming here as they did in the early Fifties of the Nineteenth Century, they can be classed as typical American Pioneers. Their hardship and trials must have been many. They had, so I have been told, \$60.00 when they arrived in Milwaukee, with six small children. To this number were added four or five within the next ten years. The youngest, Tilla Josephine, still lives in Cambridge, Wisconsin, where the family first settled, and where she was born.

These people must have had the courage of the old Puritans, coupled with faith in their coun-

try, and above all faith in God, which were traits of most pioneers of that time. It was on account of such as these and others of the same type, our country had a foundation laid, upon which has been built the greatest nation in the world. It would appear they were led by the hand of God. Their descendants today are a fair sample of the descendants of pioneers of that time. And are found in all professions: Educators, Doctors, Lawyers, Pastors, Engineers, etc; some in Finance and Banking, others in Industry, Merchandising and Salesmanship; and no doubt, many are Agriculturists, which is now becoming a Science. We must not forget Labor, skilled and unskilled, who do their part towards feeding the world, and making the nice things we find in our stores, all for our comfort, use and pleasure. This is Democracy in Action.

It does one good in the Fall of every Fourth year, to see the aspirants for high office and honors, having to stand on the back platform of trains seeking the vote of the common people; knowing that it is by their suffrage they are allowed to rule. It might be well for us of the Twentieth Century to go back and look over our U. S. history of one hundred years ago. From such reviewing we might learn more about the "Rock from which we are hewn," as Prof. R. B. Anderson puts it in his Lecture known as "Our Heritage." Lincoln in his address at Cooper's Institute, Feb. 27, 1860, quoted Douglas as having said at Columbus, Ohio, "Our Fathers, when they framed the Government under which we live, understood this question just as well, and better than we do now." Lincoln said, "I fully indorse this, and I adopt it as a text

for this discourse." So with us. Let us adopt the best there was in these old Pioneers. We, like them, must be progressive, but be careful not to build on false premises or fanaticism.

One word in conclusion. In whatever we undertake we must not leave God out of consideration. Whether it be government, avocation, finance, education, or what not. Yes, we include our Church work. God is not mocked. For

whatsoever a man soweth that shall he also reap. Jesus says, "Search the Scriptures." I do not know what He had in mind, but he does say "they are they which testify of me." If we search the Scriptures, God will tell us the stand to take. If we put up our judgment against His, we are due for a fall. I have tried it and found His judgments "true and righteous," as Lincoln put it in his Second Inaugural Address.

Let us honor the pioneer. He cannot now become vain if honorably mentioned. The pioneers' humility and lack of vanity was what made them build for the future for themselves and posterity in particular.

God has blessed the Pioneer:
God bless America.

Sincerely yours,

H. T. HENRYSON.

St. Paul, Minn., Nov. 11, 1948.
